Queen's Bob Inlets Wrath: Court Ladies Follow Her Example

REGLADE, Aug. 6.—Queen Marie of Yugoslavia has been her hair. But the young and beautiful consort of King Alexander appears to suffer some embarrassment with clipped tresses when receiving visitors or when giving official receptions. On such occasions she wears a colored silk handkerchief as a head-dress which effectively conceals her shortened locks.

It is said the queen had her hair bobbed without her husband's knowledge, and that when he discovered it he gave vent to his wrath. He asked her when any queen could so dignify with a crew cut by her hair and she replied that she had been told that the machine was not in fashion, but was comfortable and convenient. All Belgrade society women are now following her example.

Both give you a pain in the same spot--when you were young you could not wait for the apples to ripen, the result was a pain-in-the-tummy. Green Beer will hit you the same way. Nowadays, when you choose beer you are protected by the Lethbridge Breweries, who guarantee their beer to be fully matured, they are the only Brewing Company in the west that are prepared to guarantee their products to this extent and deliver the goods--over \$500,000 spent in storage accommodation so that you and I would not have to go through the green apple pains again.
